RESPONSE UNDER 37 CFR 1.116

Sir:

This amendment is being filed in response to the outstanding Office Action, mailed December 20, 2002, in connection with the above application. Please enter the following amendments:

In the claims:

For the convenience of the Examiner, all claims being examined, whether or not amended, are presented below.

1. (Amended Twice) A method for inhibiting unwanted hair growth or unwanted cell proliferation in an animal, comprising administering to the animal a composition comprising an effective amount of a purified organic molecule having a molecular weight less than 750 amu, wherein the organic molecule interacts with *smoothened* and lessens the severity of a *hedgehog* gain-of-function, *patched* loss-of-function, or *smoothened* gain-of-function phenotype.
